### WHITE CARGO

AT SHUBERT-DETROIT

The announcement that Earl Carroll present Leon Gordon in Mr. Gordon's own play, "White Cargo," at the Shubert-Detroit Opera House commencing Sunday night; April 19, should prove a magic call for the rallying of lovers of real drama in the theatre. No play has attracted more attention or proved more popular in the last two seasons than "White Cargo." Mr. Gordon has won his stardom not only through work of a high calibre behind the footlights, but also as an author, and Mr. Carroll has made his escutcheon stand for genuine merit behind the curtain limbs. It is a rare combination.

"White Cargo" is rounding out the second year in New York with no signs of abatement in the interest. In assembling this special company Mr. Carroll has not been content with bracing it up by means of Mr. Gordon in a stellar role, with all due respect to Mr. Gordon's ability and drawing power. The company was selected with a view of avoiding any comparison with the one still playing in New York, and also the one completing a year's run now in Chicago. Each has a peculiar fitness for the various roles. These include Wallis Clark, Frederick Forrester, B. N. Levin, James C. Carroll, William A. Evans, Allen Connor, George Durvey and native players headed by Chief Wanda Singhe, Annette Margules, who created the torrid role of Tondeloy when "White Cargo" was first presented at the Greenwich Village Theatre, and before it attained such popularity as to warrant its removal uptown to Broadway, is with the Leon Gordon cast.

Naturally with the other companies still playing there is no resort to utilization of any old scenery or materials. This is a brand new production, prepared especially for this stellar organization. The sensational features that made "White Cargo" the mecca for prudish reformers are intact, but the play has withstood all onslaughts because of its true portraiture of life in the African rubber belt where men's brains and hearts succumb to the damp rot along with the vegetation and furniture. Because the play brought a new angle to the mixture of the races and colors, in native environment, it has lived down all clamors, and risen to greater heights of success than any of its critics.
