To those who have read this thrilling romance of ancient days this picture will be doubly interesting, and to those who will see the story for the first time it will be equally interesting.

THE COW AND HER DAUGHTER

will get along splendidly if given a good balanced feed like Larro or Pillsbury's Dairy Ration. The cow will grow fat and sleek and fill up the milk pail right along. And the calf will grow into rapid maturity when it will be worth real money. You'll soon be convinced if you give our feed a trial.

FINANCIAL CAMPAIGN FOR THE Y. M. C. A.

The Y. M. C. A. is under way in Farmington. For some time under the direction of Mr. Robert Lynd, Oakland County "Y" secretary groups of boy's work have been carried on. On Monday last at a supper conference held in the dining room of the Methodist Church the final arrangements were made for the financial campaign to secure funds to enlarge and carry on this work. About twenty men sat down to plan for the work. Mr. Howard Warner, chairman of the financial committee presided. Two teams were chosen to canvass the community, one headed by Mr. Victor Tomlinson and another by Mr. Emil Roos. It is expected that the required sum of \$1000 will be raised by these teams.

Great interest has been shown in the work among boys and it is hoped that during the year the work will be expanded. The teams will meet on Friday of this week at supper when a full report of the drive will be received.

The local Y. M. C. A. committee is made up of a group of Farmington men with Mr. Victor Tomlinson as chairman.
