WHAT "STATION" MEANS IN TELEPHONE PARLANCE

In telephone parlance every telephone instrument is a station, so that when the statement is made that there are now 15,500,000 telephone stations in the Bell System, it means that there are that many telephone instruments in actual use in the United States, Bell-owned or connected with the System.

Telephone subscribers, however, are sometimes confused by the terms station-to-station in placing long distance telephone calls. An amusing instance of this is cited recently from Des Moines. A party in that city called the rate clerk and requested the rate to Parker's Prairie, Minnesota. After being told that the station-to-station rate was \$2.15 for three minutes the subscriber said, "Thank you" and hung up. Five minutes later the same person called the rate clerk again and wanted to know how many stations there were between Des Moines and Parker's Prairie. He was trying to figure how much the call would cost him.

Coventry Gardens

A New Idea In Suburban Development!

Heretofore only those who could afford \$25,000 to \$50,000 homes have been able to enjoy the satisfaction of living in a residence section laid out in generous size building lots, rendered attractive by winding drives, full-grown shade trees and a beautiful vista of rolling hills.

Now, in Coventry Gardens, all these advantages are offered to prospective builders of moderately priced homes.

50-FOOT LOTS—\$750

Lots in Coventry Gardens are of ample size (50 feet to 125 feet in width and 135 feet to 200 feet in depth) to accommodate homes of the wide, rangy type, placed well back from the street, and still leave plenty of space for lawns and gardens.

At prices as low as \$750 for lots 50 feet wide and 135 feet deep, with a down payment of less than 10% in case the purchaser plans on building in the near future, Coventry Garden lots are a "buy" that you will find it difficult to equal in any other home community.

CITY IMPROVEMENTS!

Water, Sewers, Sidewalks Electricity, Improved Streets

Do not overlook the fact that prices of Coventry Garden lots include city improvements—sewers—water, sidewalks, electricity and improved streets! And take into consideration also the strategic location of the property—on two paved highways, Five Mile and Farmington Roads, with a third projected Fordson highway leading direct to the River Rouge Ford plant.

Compare Coventry Gardens in point of location, improvements and general desirability with any other suburban development and you will realize that here at last is the ideal location for the home of your dreams.
