

STATION F. H. S.

Although examination time is coming and everyone is looking forward to writing in her blue book, we will try to present the coming, and everyone is looking forward to writing in his blue book as well as the other staffs have done. The staff for this month is:

Editor in Chief, Avis Goers.
News Editor, Doris Sheppo.
Athletics, William Pauline.
Society, Irene Vader.
Business Manager, Avis Goers.

First Grade

Their teacher is telling them the story, "The House in Woods." For nature study, they are learning "What Does Little Birdie Say?"

Edith Kahri, Ruth Pagel and Robert Kelley were neither absent nor tardy last month.

Miss Schiffer.

First Grade

In literature, this grade is also learning the poem, "What Does Little Birdie Say?" Accompanying this, they have many discussions about birds.

Margaret's class is reading from a new book, "Work A Day Doings on the Farm."

Second Grade

The boys and girls made health posters.

Emily's class have made booklets of Mother Goose Circus.

The second grade greatly appreciated the fourth grade's hygiene play very much last Monday.

Miss Koterba.

Third Grade

This grade is reading "Reddy Fox."

In spelling, Fern Agar, Elmer Catherman, Francis Davis, Arlene Fink, Mary Fitzgerald, Carol Harger, Drayton Holcomb, Jane Lester, Catherine Lorion, Richard Russell, Catherine Storms, Harold Weatfall, Marjorie Kitchen, received 100 this last week. In geography, reports have been given by three children, of countries they have read about.

Miss Huff.

Fourth Grade

This grade is planning its picnic for the end of the year. They have two committees, one for the eats, Mildred Conley and Dallas Newcombe and the other for entertainment, Marvell Auten and Laverne Turner.

They drew pictures on Monday about what they should like to do on a hot day. Friday, they put on their hygiene play for the third grade. Monday they did it for the second.

Miss Hunter.

Fifth Grade

This grade is finishing the covers to atlases which have been made this year. In all other subjects they are reviewing.

Miss Tapio.

Eighth Grade

Richard Cox is the only student who has been neither absent nor tardy for the entire year. Reviews are coming thick and fast. Plans are nearly finished for the final party for eighth grade.

Miss Stewart.

Freshmen

We wonder if the Freshmen are trembling when they think of the coming examinations.

Sophomores

They are glad they have finished "As You Like It."

Juniors

We wonder what has become of the "Junior Candy Case."

Seniors

We wonder if they will want to come back to F. H. S. after they have been out in the world.

Athletics

Last Thursday the Plymouth "squad" came over here with the idea of "beating up" on our team. There was good work shown by our team. We are certain that if Maurice Graham would have been able to play and "knock a homer," we would have defeated them. The game was interrupted a few minutes by a shower. However, when the game ended the score was 5 to 2, in favor of Plymouth.

The athletic pictures were taken Monday of the various teams. We hope for the best, but we fear the camera was damaged.

Miscellaneous

Mr. Leonard went to the Detroit Business Institute last Wednesday to take over the Chapel Exercises. Last week he gave Commencement addresses at Novi and Dexter.

Society

Last Friday evening, the "Letter Men" in Farmington High School athletics, that is, all the men who have earned a letter "F" gave Mr. Westcott, their athletic coach, a banquet. Only thirty-two who have earned letters under his coaching were present. The entire affair had been planned for some time. Even songs were secretly composed by the men. It was so secretly planned that Mr. Westcott had not a suspicion of the truth when some of the men called for him and escorted him to the dining room of the Community Hall.

The table was decorated with many beautiful flowers and all the trophies which had been earned since Mr. Westcott came down here. As they sat down to the table they were all presented a small horn and paper cap. Bob Cook, the song leader, lead them in singing "Neath the Crust of the Apple Pie," a song composed for the occasion. Other songs were sung also.

Mrs. Woodruff cooked the dinner. Several of the high school girls waited on table.

Mr. Leonard introduced the toastmaster, Kenneth Wikom, who called upon each of the men to make a short speech.

The "Letter Men" presented him with a gold watch. His initials H. J. W. are engraved on it. On the inside "From the athletes of F. H. S. of 1921 to 1925." Those are the years he has been a coach in our high school.

Irene Vader.

What Every Man Admires

Muriel Upway was surely as perfect a wife as man could desire. She was young, pretty, and docile; and she had about her that air of helpless dependence which all men sneakily value above all womanly virtues.—From "Overhead," by Stacy Aumouler.

A new thing in burglar alarms consists of an apparatus which is sensitive to any form of light. If the intruder should carry a flashlight or lantern where the apparatus is placed, an alarm will ring at once.
