

**JOHN STEEL HEADLINER
AT DETROIT TEMPLE**

John Steel, celebrated American tenor, with Mable Stapleton, pianist and violinist, headlines the bill at B. F. Keith's Temple Theatre, starting Sunday afternoon, June 1. Mr. Steel needs no introduction to Detroit theatre goers. He left a lucrative position as soloist at a fashionable Fifth Avenue church in New York to create a great impression with Ziegfeld's Pollies for two seasons. He possesses a voice of rare sweetness and an excellent musical technique. Music lovers will remember him singing the haunting strains of "Tulip Time," "Tell Me Little Gypsy," "The Girl of My Dreams" and many other "Folies" hits. Others billed include: Charles Olcott, well-known song writer presenting "The One Man Opera," "Amateur Night in London," a big comedy novelty with a cast of eight funmakers; Arthur Barrett and Company in "Cupid's Close-Ups;" Chevalier Brothers; Francis Hart and Tom Breen, sensational dancers; The Meyakes and the usual picture program.

**FARMERS DAY BOOKED
AT M. S. C. JULY 31**

Summer Farmers Day at the Michigan State College will be held on Friday, July 31, this year, according to announcement made this week at the college. It will be the eighth annual gathering of its kind, held on the East Lansing

campus during the summer months.

Starting in 1918 as a special wartime wheat day conference, the Farmers Day has grown until a crowd estimated at above 7000 gathered for the occasion in 1924. Authorities in charge of arrangements are predicting another record breaking attendance on July 31.

Special features not included in the program for former Farmers Days will be staged this year, it is understood. A big church choir singing contest, with entries coming from churches in the open country or in towns of 2,000 people or less, is attracting a great deal of attention. The contest will be held in the morning of Farmers Day, with the winning choir putting on an exhibition at the afternoon general program.

Another feature new at this year's gathering will be the pulling contest for farmers' teams. A special machine to record the pulling power of a team, known as the "dynamometer," will be installed on the campus for the contest. With preliminaries out of the way in advance, the finals will be staged before the Farmers Day crowd in the afternoon.

Prominent speakers, band concerts, and entertainment will mark the general afternoon program, while special exhibits, inspection of the college experimental plots and grounds, a picnic

lunch at noon, and the rest of the features which have proved successful at former Farmers Days are retained on the program for July 31.

**AWAKENING AROUSING
GREAT INTEREST**

Interest in the Shagokiam Grotto's fourth annual Awakening is becoming statewide, according to information received from branches of the Masonic Order in practically all parts of the state, and it is expected that fully 40,000 people from without the city limits of Detroit will attend the showing of "Cleopatra" at the Michigan State Fair grounds, June 27 to July 11.

Participation in the big annual night show of the Grotto will not be limited to Detroiters, according to the show directors, who state that cast members will be secured from other sections of the state. Some of the cities which will come the strongest in numbers to the event will include Jackson, Flint, Ann Arbor, Port Huron and Pontiac.

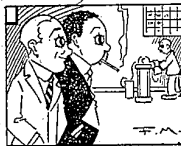

Special patriotic programs of fireworks will be given the nights of July 4th and 5th as added features to the regular fireworks windup of the big spectacle.

Cheaper Odors

The scientist who found that diamonds ground to powder give off a pungent odor will probably admit that holling a cabbage is cheaper.—Detroit News.

Annanias' Calling

Dentist—Now open your mouth wide and I won't hurt you a bit. Patient (a few minutes later)—Doctor, I know what Annanias did for a living.

LIKELY TO BE DAMP

"Why does this broker's office seem always so damp?"
"The stock he handles fairly oozes water, you know."

Shop Talk

Diplomacy is highly prized; And yet, its phrases fit When they are closely analyzed Relate to "Please, Remit."

Many Birds Talk

"Many birds besides parrots will learn to talk. The best of these are the yellow-bellied black mynas of India," says the Nature Magazine. Well-trained birds equal the most accomplished parrots, but, like them, must be obtained when very young.

GARDEN GROVE

"Our Restrictions are Your Protection"

What is the Reason for the Success of GARDEN GROVE?

Everywhere you go people are talking about it and asking that question.

THE ANSWER IS THIS:

Every lot in Garden Grove is a money-making opportunity, either as a home site or as an investment.

WHY. BECAUSE:—

It is at the intersection of two great super-highways (Seven Mile Road and Farmington Road), where access may be had to any part of the State on good concrete roads. It is less than an hour's drive to the City of Detroit. It is a half hour's drive to the factories of the west side of Detroit. It is but a five minutes drive to Farmington, and fifteen minutes to Northville. Right on a direct road to Michigan, Grand River or Woodward Avenues. Think what all of this means.

BECAUSE:—

Prices are nowhere near the top. We have business locations that must increase in value; lots for homesites, that cannot stay so low in such a well restricted subdivision.

BECAUSE:—

In selling we do not boost, but deal in facts only. It is hard to buy here and not foresee a handsome profit. We do not believe in picturing to the purchasers what is going to happen, but what is actually happening and what opportunities exist at such an amazingly low figure.

BECAUSE:—

Every purchaser knows when he comes into our office or talks to one of our salesmen that he is going to get a square deal, and a good return for his money.
