ALL OURS

A little house of our own have we, With neither turrets nor towers, No ballustrades nor stately halls, But it's ours, all ours

Our works of art are very scarce, Our Turkish rugs are few, Thrills us through and through. And yet the thought that all is ours

We have a small and tidy lawn, And beds of fragrant flowers, A hedge, a shady tree or two, And they're ours, all ours.

Our happiness is quite complete, Through sunshine and through showers, We're masters of our domain, For it's ours, all ours.

—Iva Clare Downey.

It is the inborn desire of every man to own his own home. There is no greater satisfaction than that of knowing that the house you live in is yours, all yours. Sooner or later you will build YOUR The best time to get started is right now. But before you

THINK OUT THE FACTS

What kind of a house are you going to build and WHERE are you going to build it? The kind of a house and the conveniences are important, but the most important factor in planning your home is the LOCATION. The price of the property on which you are going to build means a lot, and our prices in GARDEN GROVE are lower than in any other well restricted subdivision near us or within miles of us. The restrictions in GARDEN GROVE are high enough and such that YOU or any other person no matter what his station in life, would be proud to own a home or a lot what his station in life, would be proud to own a home or a lot

BUT THE LOCATION of GARDEN GROVE cannot be duplicate ed outside the City of Detroit. Ten years ago that could not have been said, but TODAY, the day of automotive transportation, it can well be said.

THE LOCATION of GARDEN GROVE makes for increased valnes, resulting in a profit for the investor and the home-owner. The ideal LOCATION of a subdivision or a home is near an intersec tion of two main highways. Price, improvements, conveniences, and restrictions all count, but most important of all is location.

In finding the location for your home you will want to come to GARDEN GROVE because:—

You will live in an American community, occupied by Americans. You will live in a community where other modern, well built, well restricted homes will beautify your home and community.

You will live on the intersection of two great highways, the Seven Mile Road and the Farmington Road both paved), where you have access to any part of the state of Michigan on good concrete roads without having to go a mile of dusty, dirty roads.

You will live where there is BUS SERVICE by your door to Detroit and Northville on the Seven Mile Road.

You will be within Five Minutes drive of Farmington.

Your children will have a good school and a good church to go to. You will have good gravel roads and good water.

WHAT MORE COULD YOU ASK THAN THESE?

So call us by phone, mail the coupon, write us a card, or come out and see us at the office on the property, located at the intersection of Farmington and Seven Mile Roads, and look at the location of our property. A look will convince you that you will want to build in GARDEN GROVE.
