"WE SERVICE WHAT WE SELL"

"If you're unhappy with the phone company, we'll get you action."

"It happens. Sometimes people have a legitimate complaint against the phone company. But too often they go to someone else for an answer. When we should be the first to hear about it. We're service and repair representatives at Michigan Bell, and if you need an answer for a slip up, call one of us first. We have a new way to handle complaints and unusual service requests much faster. Now if you should ever have a question for the phone company, you don't have to contact someone else. To take care of these hang ups, Michigan Bell has set up 'Special Action Forces' in its local offices. Our 'Special Action Forces' are made up of specially trained people. They know the best ways to track down misplaced orders. To answer uncommon questions. To process even the most complicated service and repair requests. So if you ever have a telephone repair problem, just dial repair service; for any other service requests, call your service representative at your local Michigan Bell business office. If we can't solve your problem through regular channels, we'll turn it over to our 'Special Action Forces'. Now, if you contact us first, you'll get faster action."
