

Add Something to the Total Each Pay Day

I have tried a number of different plans of saving, and I have found that there is only one that will assure my having a certain amount of money saved at the end of the year and that is to put a predetermined amount of my pay in my Savings Account the first thing I do each pay day. If you'll try this plan I know you will like it. The Bank pays me 4% interest on my balance every six months.

ANNOUNCE SPEAKERS FOR FARMERS' DAY

Announcement of speakers for Farmers' Day at Michigan State College on July 31, includes the names of Samuel R. McKelvin, twice governor of Nebraska, and Dr. Kenyon L. Butterfield, president of Michigan State College.

Governor McKelvin is today editor and publisher of "The Nebraska Farmer," a successful stockman, and president of Standard Farm Papers, a group of state and local papers having a combined circulation of nearly 2,000,000 far readers. At the age of 37, he was Nebraska's youngest governor.

Those who have heard the governor speak, refer to him as a speaker of power, sincerity and inspiration. He is expected to treat some vital phase of modern farming in his address.

President Butterfield will make his first appearance before a summer Farmers' Day meeting. As president of his alma mater, he is building up an enviable institution. As president of the American Country Life association, he is one of the nation's outstanding leaders in rural and community building.

Chairman of the general pro-agriculture. Mr. Wayne Dissmore, secretary of the Horse Association of America will assist in putting on the novel horse pulling contest.

With combined features of choir singing, horse pulling contests, special machinery demonstrations, and detailed inspection of livestock and farm crops, the 1925 Farmers' Day is being planned as the big summer gathering of Michigan farmers and their families.

No One Hurt

Little Willie had a gun; Pulled the trigger just for fun; No one chance to be in range. (This sounds very, very strange.)

Foiled Him

She—According to Flim, kissing is an infallible remedy for cold. He (with a slight one)—I'd like to try the old boy's recipe. She—You may. It is: "Three kisses on the mouth of a mule."
