CABINET MEMBER ENDORSES LEGION ORPHANS' FUND

Sponsoring the effort to establish a \$5,000,000 American Legion endowment fund for disabled veterans and orphans, the work of raising Michigan's share now being under way, Secretary of Agriculture W. M. Jardine has accepted membership on the national honorary committee of the fund.

In a letter to National Commander James A. Drain, the Secretary of Agriculture says:

"I am happy to accept your invitation on the National Honorary Committee of the American Legion Endowment Fund. No one can fail to value highly the sound, practical step which the American Legion has taken in establishing this fund. It should appeal to Americans everywhere as a practical demonstration of patriotic zeal applied to a great educational purpose. Your program is logical, progressive and humane. I feel confident that it will receive the wholehearted support of the public."

The other members of the president's cabinet have accepted places on the national honorary committee, of which President Coolidge is chairman, and associated with them are the highest officers of the army, navy and marine corps, besides the leading figures in nearly every walk in life.

ONE DOLLAR

is what your old, worn electric iron is worth whenever you decide to bring it back and buy a new one. Your old iron may have been too long in service; it may be so worn as to be beyond repair; it may be in such condition as to cause you loss of time, of satisfaction with its working, of even a little temper at times.

You need not stand that sort of thing; it is quite unnecessary. All you have to do is to bring back the old iron, pick out a new one which you don't have to pay for all at once and receive credit for one dollar on the first installment. Just that easy!
