Less Housework—More Leisure

There is no need nowadays for the housewife to spend the best hours of the day in toilsome household duties and deny herself the pleasure and the advantages of abundant leisure.

The heavier and more troublesome tasks are now done quickly pleasantly and cheaply by electricity. The electric household appliances used in the modern home are boon and a blessing; and they are available to all. They are not a luxury, but a necessity.

If you are still sapping health and strength doing hard household tasks in the old-fashioned way, come to our office and let us lighten your labor.

Old Adage Disproved

Modern science has disproved the old saying that a silk purse cannot be made from a sow's ear, for a Boston chemist has recently fashioned a beautifully colored hat from pig ears obtained at a slaughter house.

An Open Letter

DEAR MR. & MRS. REAL ESTATE BUYER:

Is it a HOME you want? If so, we have one that will meet your requirements and fit your pocketbook. We believe that we have, on the following streets, Grand River, Division, Shiawassee, Oakland, Pickett, Wilmarth, Maple, Powers, and Brookdale and Lake-way Drives, the best values that the present rising market affords. We also have a number of splendid, reasonably priced homes in the country with from one to five acres of land. The prices range from \$3,000 to \$25,000.

Or is it a HOME SITE you are looking for? If so, we have EVERYTHING, from a magnificently wooded hilltop of 14 acres overlooking the strikingly beautiful Rouge Valley, Farmington's northerly boundary, to a modest lot with all improvements, in the Village. The prices range from \$500 to \$56,000. Further, we are agents for NINE SUBDIVISIONS in this vicinity and are, therefore, prepared to give you a superior, dependable service in this field.

Or perhaps it is BUSINESS FRONTAGE that you are MOST interested in? We have several parcels on the Farmington Road (Division Street), Grand River Avenue and the Orchard Lake Road that will net you more than 100% annually on the actual money invested.

Or again it may be a Five to Twenty-acre tract of vacant land or a Farm you want. If so, we have, fortunately, a number of pieces considerably below the prevailing market price.

The above listings represent the efforts of Five Farmington men, each specializing in a particular class of property.

You CANNOT afford to invest your hard earned dollars until you have seen what we have to offer.

It Pays to Buy Good Lumber

The longer service, the greater efficiency, saving of work and neater appearance of the finished job continue to make buying good Lumber an economical thing to do. We have many different grades of Lumber, each one the best for the purpose intended—but for the usual run of work, our standard grade is the best all-around Lumber to buy.
