Ocelots' 2nd-half surge upends Raiders

The Oakland Community College women's baskelball team showed up-for its game against Schoolcraft Com-munity College Wednesday with just six players on its roster. By the game's end, they would have just four.

But OCC, badgered by ineligibility and injury, gave the Ocelots all they could handle before falling in the final

In fact, the buffing and puffing Ocelois were the badgered team at the end of the first half. The Radders, using a confusing man-to-man defense and some atrong inside play from Diane Kalificisch (14 first-half points) and Karen Kennedy (13 points), built up a 37-31 lead on the Ocelots.

Lucky for the Occlots, Redford Un-lon grad Cathi Hengy hit more than a few of those long-range bombs. Hengy kept Schoolcraft close with 16 Inst-half tailtes. The rest of the squad was not so hot — Schoolcraft made just 14 of 40 shots in the first half.

"WE DON'T worry about size," said OCC coach Larry Hojna. "We just go at it hard. We did everything we had planned to do, except win the game."

The rag-tag Ocelot crew that ended the first half, came out looking like champions in the second half.

"We talked a little bit about intensity at halftime," said Ocelet coach Ed Ka-vanaugh. "We just didn't have any in that first half and that surprised me be-cause this was such an important game for us."

OCC sports

The game was important because both teams were 1-0 in the Eastern Conference and as Kavanaugh said, "We wanted to cstablish ourselves as contenders early on."

Soveral thaings happened in the second half that seemed to get the Ocelots going. The first thing, ironically enough, was Hengy picking up her fourth foul early in the half. The Outside absolute one of the half. The Outside absolute of the half they did very effectively.

The second thing was Ann Lukens. Lukens, who scored seven first-ball points, came to life in the second half. She directed the offense from her point guard position and tossed in 10 second-half points.

"ANN WAS A shooting guard in high school (Livonia Ladywood)," said Ka-vanugh. "Sho's made the adjustment for us and has done a credible job."

Lukens and Karen Swereski (14) combined for '24 of Schoolerafts' 44 points in the second half.

A bastet by former Plymouth Can-ton star Missy Alken with 14:51 re-maining tied things at 39. The lead sceawed for the next minutes. Then Lukens made two steals and scored eight points in a three-minute span to put the Ocelots ahead 64:59 with 4:25 remaining.

The bottom fell out for OCC after Sheryl Evans, who contributed nine key points off the bench for Schoolcraft,

Certain up and Malbfielsch (the game's leading scorer with 20) fouled out and for the final two minutes, OCC played with just four players.

played with just four players.

HOJNA WAS not pleased with the officiating, and he made his feelings known both during and after the game. There were some very questionable calls made out there," he sald. The loose ball calls just weren't there. But, that's not it. They played a fine game.

The referees whistled 44 fouls in the game, 23 against Schoolcraft, 21 on OCC.

Despite the numerous whistles, the game featured several outstanding individual performances.

OCCs Rhonda Hofacer, a factrabibit-quick guard, punctured the Schoolcraft defense with the rd drives and passes. She scored 18 points and had six assists. Kennedy, a 5-foot-9 swing player,

center to forward. But, despite a mediocre 6-6 overall mark going into Saturday's game at Wayne State, OU is unbeaten in its first three conference contests.

"The main thing we've been concentrating on is the GLIAC season." Kruszowski sald. "And I'm pleased with that. It takes time for a team to joil.

scored consistently inside, tallying 18 points.
For Schooleralt, bealdes the aforementlowed Lukens (17) and Hengy (18). Jane Hart came off the bench when Hengy went out and seemed to solidify the defense. She allowed Hofacer, who seemed unstoppable, just four points. Sweresti finished with 18 points for the Occiots.
The win left Schooleraft at 6-5, while the Raiders fell to 6-9.
