A student in the College of Law, she is a candidate for the juris doctor degree at the University of Michigan. Deborah was an honor graduate of North Farmington High School and graduated Phi Beta Kappa from the University of Denver.

THE MARY STOLL GUILD has put out a call for women who sew to help members in creating clothing that is given to needy youngsters. All materials are furnished. Guild members meet from 10 a.m. to 2 p.m. every Thursday in Farmington Community Center to do finishing work, but women who can sew at home are also needed. Pearl Kamin will take calls at 477-7224.

THE FARMINGTON Community Library and the Orchard Lake Burger King, 29206 Orchard Lake Road, are sponsoring a Read-Two-Books-Win-A-Whopper reading campaign. When youths, ages 11-18, check out two books from the Young Adult-Young Teen collection, they will receive a coupon for a free Whopper. These coupons will be available through mid-June. See your library for a mouth-watering idea from Burger King.

GETTING CLIPPED is nothing new to the 36-million Americans who spend nearly \$1 billion annually on useless quackery. During May, Arthritis Month, you can help educational programs and research in arthritis by getting your hair "clipped" at Heidi's and other participating salons and barber shops in the area. For information on where to get "clipped" for arthritis research instead of arthritis quackery, call the Arthritis Foun-

Are there diamonds on the moon? Probably not. Lunar material shows a low percentage of carbon, of which diamonds are made. Moon diamonds, if there are any, would probably be found near the center of the moon.

There's no need to go to the moon. Our diamonds are right here and you're invited to see them. Our engagement sets are sure to include the one that's right for YOU!

Something To Think About
BOB ROCK
DIRECTOR
A CHILD'S TEARS
Often, children attend the funeral of a loved one without any obvious demonstration of emotion. The child stands there, stiff, dry-eyed. The child is probably neither being brave or unfeeling; rather, the child is probably too stunned or uncomprehending to fully express his or her feelings.
Sometimes, the child gets a subtle, or not so subtle, message from adults to keep a lid on emotions. Psychologists generally agree that this is wrong, that it is unhealthy for the child to bottle up grief. The youngster who represses his or her feelings may later find a release in an explosion more dangerous to their psychological well-being.
Adults are advised by psychologists not to fear the allowing or even causing of tears. There is no reason to try to turn a child away from crying in both normal and therapeutic. A child's tears are a fitting and tender tribute that should not be denied.
