

Before . . . after

In 1975, this home was a log cabin. Having last been modernized in the 1930s, the house badly needed repair and renovation. Aluminum siding gave the house a new lease on life.

Wood-grain, Dutch-lap siding is in keeping with the style of the home and offers additional insulation since each paneback boasts a factory-applied layer of polyurethane foam.

Guide lists product uses

"Thinking small for great results" is the theme of the new Kitchen & Bath Color & Design Guide, Vol. 5. The new 24-page, full-color guide features three kitchens and two baths that demonstrate how to use color, light, appliances and accessories like a design professional. Learn about new products available that make it easier for smaller spaces to work harder and look better than ever before.

Learn how you can transform even a cramped kitchen or bath into a workable

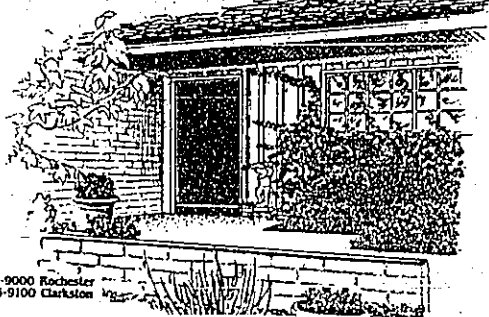

space. To receive a copy of the Kitchen & Bath Color & Design Guide, Vol. 5, send your name, address and a check or money order in the amount of \$4 to: Success Systems, P.O. Box 2256, Fort Worth, Texas 76113-9989. Convenient working drawings of each kitchen and bath design are also available and easily adapt to conventional floor space. Each drawing gives you scaled floor plans and elevations plus measurements, specifications, color guidance and product choices.

Add up to perennial beauty
for your home.

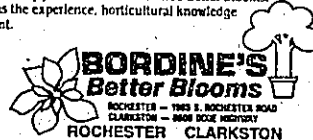

Call 651-9000 Rochester
or 625-9100 Clarkston

Landscape increases real estate value only when it provides an everchanging setting for architecture through seasonal colors supported by harmonizing shapes and textures.

An attractive landscape, as it grows and matures, should always remain attractive in a natural way without needing extensive maintenance.

Your new home or office is a substantial investment and deserves the added value of a good landscape. That is why you should call Bordin's Better Blooms.

Bordin's has the experience, horticultural knowledge and design talent.

ROCHESTER CLARKSTON

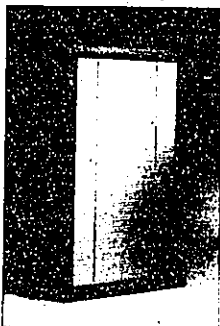

...the ONLY WINDOW for your home!

Why settle for less?

The warmth and beauty of wood. Quality and energy efficiency that's unsurpassed. Sizes for replacement and new construction in stock.

Now, add Pella's Low Emissivity Slimshades to your Pella Windows and increase R values by 30%...a fraction of the cost of triple glazing or solar films.
