

Tour tells tale

Continued from Page 7

have been made to this farmhouse with Victorian and Colonial influences since it was built around 1880. Just east of the home, there are three more houses of historical interest.

8) The home at 33602 Shiawassee was built in 1845 and is a good example of early American architecture. The second story is a later addition.

9) The home at 33646 Shiawassee, built in 1844, originally belonged to Dr. Alanson Hudson, a community physician. The Michigan Greek Revival architecture has been authentically restored by the present owner.

10) The oldest home in Farmington, 33430 Shiawassee, was built by one of

the community's founding fathers, Percy Power, a Quaker settler in 1824.

11) The white First Baptist Church at the corner of Shiawassee and Farmington, is the second oldest Baptist church in the state. The congregation celebrated its 150th birthday this year.

12) Continuing east on Shiawassee, the next home of particular interest is the Arthur Leonard residence, 33309. It was built in 1841 and the Greek Revival influence is evident.

13) Shiawassee curves into Warner. Turn right at Warner and about a block down the street is 23700.

It was built about 1830 and remodeled in 1922.
