Taste Extra!

New True Laser-Cut
"Flavor Chamber" Filter Shatters
(Low Tar = Low Taste) Theory!

Only True Has It. The New Laser-Cut
"Flavor Chamber" Filter. A remarkable filtration
discovery that delivers a flavor-rich tobacco
experience at only 5 mg. tar.

Test True Against Your Higher Tar Brand.
One taste and you'll discover low tar doesn't mean low taste anymore. In fact, New True's fuller, richer flavor delivers a taste satisfaction we believe challenges

cigarettes containing twice as much tar. Yet True is still only 5 mg. tar!

Longer Lasting Smoking Enjoyment.
What smoker wouldn't like a cigarette that lasted longer? That's another New True bonus. True's quality tobacco blend is packed with extra tobacco so you can enjoy each cigarette longer. Noticeably longer.

New Breakthrough True: Why not test it
against the only taste
that counts? Yours!

It tastes too good to be True.
