Pill Does All the Work**

BEVERLY HILLS, CA. (Special)—An amazing new "super" grapefruit pill has recently been developed and perfected that reportedly "guarantees" that you will easily lose at least 10 pounds in 10 days. Best of all, it allows you to "eat as much as you want of your favorite foods and still lose a pound a day or more starting from the very first day until you achieve the ideal weight and figure you desire."

This "super" grapefruit pill is a dramatically improved version of the world famous grapefruit diet. It is far more effective than the original and eliminates "the mess, fuss, and high cost of eating half a fresh grapefruit at every meal."

"Pill Does All the Work"

According to the manufacturer, "the pill itself does all the work while you quickly lose weight with NO starvation "diet menus" to follow, NO calorie counting, NO exercise, and NO hunger pangs." It is 100% safe. You simply take the pill with a glass of water before each meal and the amazing combination of powerful ingredients are so effective they take over and you start losing weight immediately.

Pill Has ALL Daily Vitamins

The powerful and unique combination of ingredients are what make this a "super-pill". It contains highly potent grapefruit concentrate and a diuretic to help eliminate bloat and puffiness. No need to take any vitamins to maintain your good health and energy. The pill is fortified with ALL (100%) of the U.S. Government daily vitamin requirements.

Contains Japanese 'Glucomannan'
Each pill also contains an amazingly effective amount of "glucomannan", the remarkable natural dietary fiber discovery from Japan (used successfully for over 1500 years) that expands in your stomach and gives you a full and satisfied feeling all day long.

The super-pill is already sweeping the country with glowing reports of easy and fast weight loss from formerly overweight people in all walks of life who are now slim, trim, and attractive again.
