Caring...

There's something special

about the kind of assistance families receive from the staff at McCabes, it's called "caring"—the reflection of a sincere desire on our part to help during some of life's most trying moments,

The 87 years that we've been serving Detroit-area families have taught us much about what is of lasting value. We've learned that of all human relationships, perhaps the most precious is the act of one person caring for another.
