

cable connection

By Lark Samouelian
Special writer

A function of the SWOCC office of which you may not be aware is to han-

dle your complaints about Metrovision's service, installation, billing or marketing, but only after your complaint has been reported to Metrovision. Metrovision has 48 hours in which

to resolve your problem. After that, SWOCC will work with Metrovision on your behalf. This week, insight will feature "Jackie" and "June Lowe" astrologers, recognized statewide. The topics cover history of astrology and how this medium may help guide you. Fred Lichtman, host, delights the audience with his skepticism. Mary Calderone is a Farmington Hills resident who is well educated, married, and the mother of a child who insists on keeping her mind stimulated. Mary took our studio workshops, then volunteered to help at the SWOCC office sharing in administrative support. She volunteered on some of the in-tern productions and then took all her new-found knowledge and bit the bullet. She has just completed her first television show "Hooked on Aerobics."

Thanks go to co-producer, Kay Burns and talent, Linda Farrugia and Louise Dole, Farmington YMCA instructors and the Farmington YMCA for sponsoring the show. This program has been dedicated to Guardian Industries as a thank you for sponsoring "Aerobics for MS" last summer with Lark Samouelian.

SAVE YOUR ENERGY DOLLAR!

What an Infrared Thermogram Can Reveal

(lighter tones represent warmer areas)

The INFRASCAN HEAT LOSS SURVEY is the most accurate, affordable, advanced tool available to you to fight rising fuel bills this winter and in the winters to come. The cost of energy will not go down. But the steps you take today will go on paying dividends in the future. The INFRASCAN HEAT LOSS SURVEY is the ideal tool to use to the COMMUNITY INFRARED VAN SCAN PROGRAM.

Now for the first time you can have your entire home scanned inside and out, locating additional problems not revealed by the VAN SCAN thermogram.
