Holiday and rate hike fills post offices with patrons

Although any post office can expect to be busy immediately following a rate increase (the last was in Novem-ber 1981), the Monday holiday and peo-ple mailing more than usual Saturday before midnight to beat the increase

"People tried to get their mail out under the lower rates," he said. "We some time, Harris said, In other words, got a more-than-normal receipt of Parmington area customers can expect third class mail on Saturday. For bustnesses, which use second and that class, which use second and that class, which use second and that saids, which use second and they can save toy mailing before the increase." "It's been really hectic for us," save toy mailing before the increase." "It's been really hectic for us," set up an extra crew on the hollday just to beat the rush. Although all the mail awas processed by the time the doors

"CUSTOMERS seem to understand they have waited until the last minute."

And the customers? Despite the tomers to available spaces at the 12 lines, the parking problems and the Mile Road pool office, Harris said. On waiting, temperments remained relations to the control of the said of the said

"CUSTOMERS seem to understand they have waited until the last minute." At both the 12 Mile and Slocum post offices, parking was the most obvious problem. A custodian helped show customers in hand, ready for early March, Harris said.

Weather stalls florists' delivery schedule

weather was just so cold and cloudy We couldn't get all the roses we want ed."

She has found that some customers are reluctant to substitute other flo-wers for roses.

I reflect," Brunett added.

Brunett said the group will now convene in smaller discussion groups —
'living room dialogues' — between other denominations and communities.

One of the questions posed at the Concept of the present poperation of the present present

Rudin indicated that the progress is "irreversible."

"No way are they going to undo in two weeks" what has taken place over the past 20 years, he said.

Just how much progress has been made was demonstrated by some statistics form Rudin.

Four hundred Catholic educators were asked recently two questions: Do were asked recently two questions to you believe that the coverant between God and the Jewish people was never revoked and they remain people of God?

The results, Rudin said, was "strong."

The results, Rudin said, was "strong-ly affirmative on both points" with 92-percent affirmative on the first ques-tion and 85-percent affirmative on the second question.
