today... AND TOMORROW?

If you are one of 34 million Americans between the ages of 25 and 74 with high blood pressure, you know that hypertension control is essential in reducing your risk of heart attack, stroke and kidney damage.

For \$95 MEDICAL ONE is offering a program to help you manage and control hypertension effectively.

Under the guidance of our medical staff, you receive:

- a complete physical examination and risk evaluation
- thorough consultation
- comprehensive treatment based on diet, exercise, education, stress management and medication - IF necessary
- 6 months of unlimited visits with our medical staff

Consider joining the MEDICAL ONE Hypertension Program NOW. A free introductory lecture, "Living with Hypertension", will be presented Tuesday, April 2, at 7 p.m. by Michael D. Levine, MD, Director of MEDICAL ONE.

For further information, please contact our Health Care Coordinator at 583-6023 or 588-MED1.
