

Area builder receives national award

A model home, built by Robert J. Jones Associates of West Bloomfield for Homema '85, won a silver medal earlier this year.

The event was the MIRM (Member Institute of Residential Marketing) awards banquet of the National Association of Home Builders in Houston, Texas. This is the only national competition which recognizes individuals and companies for excellence in new home marketing.

Jones' "Oak" model, with high ceilings

and windows, was considered outstanding for its blend of contemporary style and traditional lines.

The model, furnished by Perimeter-Freiwald of Franklin, is open 1-6 p.m. Saturdays and Sundays. It's in Farmington Brook community at Haggerty, north of 12 Mile, Farmington Hills.

An unfurnished model is open to the public 1-7 p.m. daily except Thursdays in Grosse Pointe community at Walton Boulevard, west of Livernois, Rochester Hills.

Jones, who founded his company in 1979, is a graduate of St. Bonaventure University, attended University of Virginia Law School, and is vice president and member of the executive committee of the Builders Association of Southeastern Michigan.

Before forming his company, he was with the Herman Frankel Organization from 1961 to 1979, serving as vice president of operations 1974-1979.

Kevin C. Fox is staff architect for Robert R. Jones Associates.
