

Through the roof

Nearly 10 percent of the expected \$71 billion Americans will be spending on home improvements this year will go into reroofing. That makes reroofing the second most popular home improvement. For help in choosing an asphalt roof, send 50 cents for "A Homeowner's Guide to Quality Roofing," ARMA, Box 3248, Grand Central Station, New York, N.Y. 10163.

Scrounge for garden

There are many useful items for the garden that can be scrounged.

- Plastic buckets with sealable lids are often available at doughnut stores and supermarket delis for \$1 or so. These are excellent for storing extra quantities of granular fertilizer, manure, lime and other materials purchased in large quantities. They

are also handy for hauling water to remote gardens.

- The local hockey rink is a great source of broken hockey sticks. They make tall, durable tomato stakes.

- Carry-out salad bars often provide containers of foil with transparent plastic lids. Washed out these make fine mini-greenhouses.

In Home Modernization...

The Builder Can Make The Big Difference.

Once you know who we are... you won't buy from anyone else!
