Focus—stamp collecting

For the fifth consecutive year, October has been designated National Stamp Collecting Month.

Farmington Postmaster Kenneth Harris says the special observance for 1985 will focus on stamps as "Treasures Worth Rediscovering . . . and Sharing."

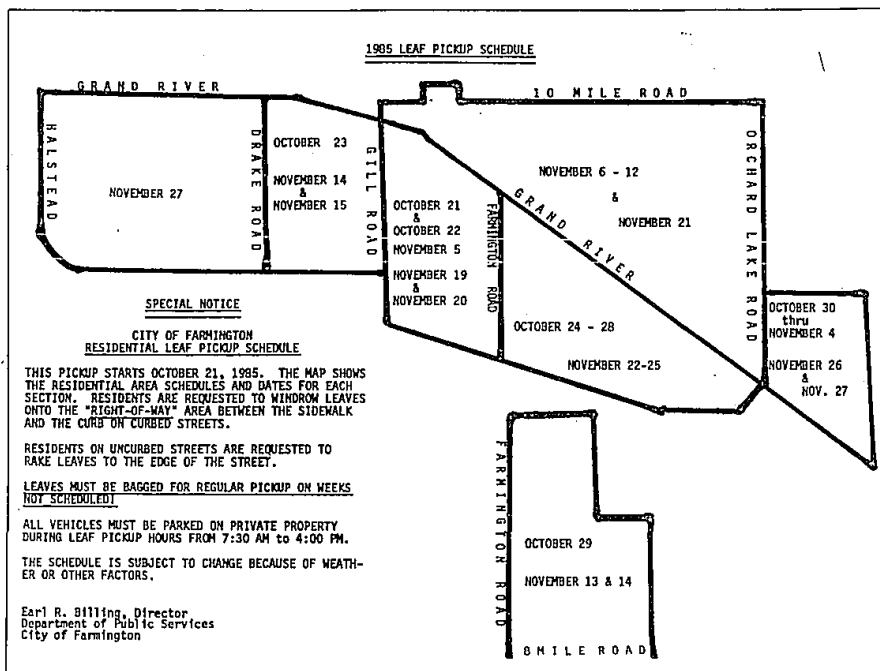

The Postal Service, the council of Philatelic Organizations and numerous other community groups will be participating in nationwide activities focusing on the social, cultural and educa-

tional benefits of stamp collecting.

"Stamp collecting is the world's most popular hobby. It is enjoyed by an estimated 22 million Americans," Harris said. "It is a family activity that bridges generations."

"We are encouraging older collectors to pull out their albums and share them with their children or grandchildren. We believe an adult who introduces a youngster to stamp collecting is giving the child an educational activity that will last a lifetime."
