THIS CAN BE THE BEST YEAR YOUR CHILD EVER HAD IN SCHOOL.

JUST TWO HOURS A WEEK CAN BRING OUT THE CLASSROOM WHIZ THAT'S HIDING IN YOUR CHILD.

Sylvan Learning Centers are located in major cities across America. We teach reading and math. An independent study by clinical psychologists shows that Sylvan students gain an average of more than one school year in reading or math in the first 36 hours of instruction.

AT SYLVAN YOUR CHILD DOESN'T HAVE TO COMPETE TO LEARN.

There are never more than three students per instructor, so your child receives constant individualized attention. Experienced, certified teachers use innovative teaching methods and modern technology. This, combined with continuous praise, encouragement, motivation and rewards, builds your child's confidence and desire to succeed.

ENROLL YOUR CHILD NOW.

Remember, because we hold the line at just three students per instructor, enrollment is strictly limited. And the sooner your child begins, the sooner you'll see positive results reflected in his classroom work.

Sylvan offers flexible after school hours and requires no contracts or long-term commitments. You simply pay monthly tuition. Don't let this learning opportunity pass your child by.
