Car thieves, chop shops are targets of rewards

conviction of car thieves.

Unlike many other crime tip-reward programs, HEAT offers payment on the basis of prosecution, not necessarily

A new reward program has been launched in Michlgan offering between \$1,000 and \$10,000 for Information leading to the prosecution of car inleves and chop shop operators. Labelled HEAT (Help Eliminate Auto Thefts), the program is jointly sponsored by Michigan Insurance companies and law enforcement officials. A statewide foll-free tip line — 1-800-242-HEAT — has been established. "Considering the magnitude of auto theft in Michigan, we expect the HEAT program to offer significant citized support to law enforcement agencies in cracking down on car theires," said Michigan State Police Capt. James

normalistic commander of the state's uni-form division. "Through the central, statewide telephone number, tips we receive can provide important break-throughs for investigations in each of our cities and counties."

HEAT PROVIDES:

• Up to \$1,000 for the arrest and prosecution of suspected ear thieves.

• Up to \$1,000 for warrants for suspected theft ring members and chop

pected their ring members and crowshop operators.

• Up to \$10,000 for arrest and binding over for trial suspected their ring mees and chop shop operators.

The HEAT phone line connects

callers to the Michigan State Police Criminal Investigation Section in Livo-nia. Since the program was amounced last Thurnday, Kreale said officers received calls from at least two tip-sters. The phose line is manned be-tween 8 am. to 8 p.m. weekdays.

HEAT was developed by Michigan law enforcement agencies, the Michi-gan Anti-car Theft Campaign Commit-tee, and the Michigan Automobile In-surance Placement Facility (MAIPF), an association of insurance companies that provide automobile coverage in

SATURDAY BAM. 6 P.M.

Alcoholism council opens county office

The National Council on Alcoholism working with an area rehabilitation organization has opened an office at 17330 Northland Park Court, Southfield.

The center will be used for clinical, community and educational services including the primary prevention program BABES (Beginning Alcohol and Addictions Basic Education Studies). ABES is provided in many school districts in the Detroit area, the country and overseas.

The co-sponsoring agency, the Narcotics Addiction Rehabilitation Coordinating Organization, has been serving the tri-county area for 37 years, it has three locations in the Detroit area with plans to open three other locations.

three locations in the Detroit area with plans to open three other locations.

Programs It offers in the Detroit area include flighway Safety Classes for court-referred participants, a Drinking Driver Assessment Program, vantage Point, a family-oriented alcoboly/drug information program, and Delphi Detroit Inc., another alcobol education program.

It has a \$1.2 million annual budget, a portion of which is provided by the United Foundation of Greater Detroit.

demands of family, employment and scholastic life. Reservations can be made by calling 591-5049.

DOR'T DIE OF EWRARDASSWEAT.

It starts quite innocently; you con-vince yourself the symptoms aren't se-rious. So if you sought medical help you'd just took foolish. And later it's too late.

too lale.

Each year 350,000 Americans die from heart attacks before reaching the hospital. Often after a deadly, unnecessary delay. In fact, the average victim waits over three hours before consulting a doctor. Because he doesn't realize what his symptoms mean. And he doesn't want to seem silly.

silly.

Please, learn the warning signals of a heart attack. And, if you experience any of them, get help. Call a paramedic at once. Or, if you can get to an emergency room faster another way, do so. Without a second thought.

After all, saving face means nothing compared to saving your life.

WARNING SIGNALS OF A HEART ATTACK

- An uncomfortable pressure, full-ness, squeezing or pain in the center of your chest behind the breastbone.
- The sensation may spread to your shoulders, neck or arms. If it lasts for two minutes or more, you could be having a heart attack.
- Severe pain, dizziness, fainting, sweating, nausea or shortness of breath may also occur, but are not always present.
