## Businesswoman receives award

Karen Zawacki, owner of Studio One Graphites on Orchard Lake in Farming-ton Hills, where the Myasthenia Gravis Assection and children. Breathing, chewing, swallends annual meeting in Bostorfal at its programment of the Control of Gravis and the past three years. She has also chaired the agency annual uncheon-fashio fund-raising event, which has been attended by more than 1,200 guests.

Myasthenia Gravis is a neuromus-

#### Volunteers takes honors

Farmington Community Center has named Pat Thompson as Volunteer of the Month.

She has been active in the Volunteer Gulld for five years. She helped act up the resale shop where she works one day a week, and she devotes numerous hours each month to help with the bookkeeping.

Her past activities include working on the Silent and Live Auction, the registration of classes, and modeling for the fall fashion show.

She and her husband, Jack, have lived in Farmington Hills for the past 15 years. She has two children and one granddaughter. Her hobbies include sking, bridge and bowling. She is a graduate of Hamilne University of St. Paul, Minn., with a degree in elementa-ry education.

### Hospitals are separate

Some people seem to be confused about the names of Harper and Grace hospitals, and incorrectly assume these are a single facility. The two, in fact, are separated by name and geography. The hospital on John R in the Detroit Medical Center is called Harper Hospital (not Harper-Grace).

The building on Meyers hear Seven Mile is called Grace Hapital (not New Grace or Northwest Grace). Confusion over the names probably is caused by the name of the corporation which operates the two facilities. The corporation is called Harper-Grace Hospitals.

# stroke toward the stem. Plants seem to may "thank you" when you let the air into their soil which often becomes solid and hard due to the water section. If you are going on a trip for a couple of weeks, you can put an old sheet on the bottom surface of your bath tub, and put the plants in and draw about three inches of water. Be sure you have taken those plants out of the doubte containers as you wish the water to enter the plant by osmosis. Also I would be inclined to pull the shower curtain or close the glass doors in order to conserve moisture. down to earth **Burlingame**

We all know that Christmas is on its way when Cranbrook House has its nanual open house, it will be 1-5 p.m. Sunday, Dec. 8, 380 Lone Pine, Bloomield Hills, Admission is adults 44, senior, 84, orthogen Hills and the service will be available from the parking lot of Christ Church.
Flowers and decorations, as always, promise to be spectacular. The emphasis this year will be on food — for show and prizer rather than to eat. The clerks will display a cooked sucking pig and goose and some ticket holder will carry these home as a prize.

House plants need special care

the frequency of watering. High light Intensity coming in the windows, near the plant will necessitate daily watering.

It is a good idea to turn your plants once a week. If you need to transport a plant outdoors week. If you need to transport a plant outdoors be sure and wrap it well in newspaper or in a box to prevent weather damage.
