The purpose of the trip is to offer outstanding ministers from Christian

faiths an opportunity for spiritual enrichment and educational experience.

The Knights of Templar is a Christian order of the York Rite of Freemasonry. Dr. Tuttle was sponsored by Damascus Commandery No. 42 one of 48 constituent commanderies in Michigan, located in Detroit Masonic Temple.

COMING IN BETWEEN APPOINTMENTS

Arthritis has unexpected flares. It is possible to walk out of the doctor's office feeling fine, and wake up the next morning unable to move.

Surprisingly, patients will often wait until their next scheduled appointment, a month to six weeks away, to have their flare treated. "I felt I must have done something wrong and had to live with it."

There is no reason to feel guilty; the pain is not a punishment for crimes committed against your joints. Therefore, physicians do not consider it proper to have you live with the pain until it has heaped its fury upon you.

Also keep in mind that while therapy to cure arthritis is lacking, there is a great deal that physicians can do to stop a flare. Possible treatment includes: injecting joints, changing medicines or their dosages, initiating physical therapy, and providing short term leave-of-absence from work. These measures usually bring sufficient relief to permit sleep and the resumption of usual activities.

Finally, treatment early in a flare generally helps stop its momentum and makes early resolution possible.

If you hurt with arthritis, no matter how soon after your last appointment, contact your doctor. You may be surprised at the extent to which he or she can help.
