

Day and Night

Enjoy a night out on the town straight from the workplace!

Black and white makes the transition from day to night by removing the Anne Klein II chrome yellow silk jacket, \$188, and opening the side buttons of the Anne Klein II white linen skirt, \$104; the black and white linen blouse by Evan-Picone, \$200, is opened at the collar for night drama. Accessories make the transition easy: black Spectator pump, black patent shoulder bag from Anne Klein, oversized watch, and black sunglasses. A red silk tie and pocket square are all that are needed to give the gentleman a new nighttime look. His black-and-white herringbone silk jacket, Bill Blass, \$170, is complemented by a Louis Raphael white cotton shirt, black pleated pants and pale gold tie with black print. His black leather tie shoes are by Freeman. All from Hudson's.
