THE MICHIGAN LOTTERY  
 RECEIVES MANY QUESTIONS  
 ON LOTTERY CLUBS. THE  
 FOLLOWING SUMMARY  
 PROVIDES MANY OF THE  
 ANSWERS.

Q: What is a Lottery Club?  
 A: A Lottery Club is the only way more than one person can jointly file a claim for a Lottery prize.

Q: Must a Lottery Club be registered?  
 A: Absolutely. Unless a club is registered with the Internal Revenue Service, the Lottery can only accept a claim in the name and social security number of ONE person.

Q: How does a group register as a Lottery Club?  
 A: Simply, obtain an SS-1 form, available from a local IRS office or by calling the IRS at 1-800-424-7070. Once that form is completed with the names, addresses and social security numbers of the club members, as well as the club name, it should be sent back to the IRS. The club is then assigned a Federal Employer Identification Number by the IRS.

Q: What is that number needed for?  
 A: Any club's winnings and tax liability will be registered using that number, just as an individual prize winner's social security number would be used.

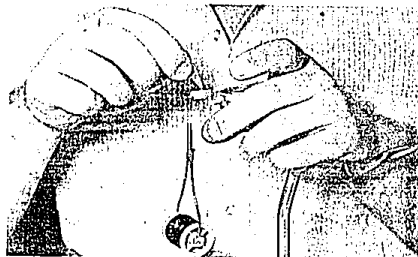

Q: What happens when a club wins a Lottery prize?  
 A: It must file a claim with the Lottery using its identification number. In about three weeks, the club will receive a prize check, made payable to the club's name. Or if the club wins a Lottery Super Lotto jackpot prize, a club representative must come to Lansing to claim it.

Q: What if the prize is over \$5,000?  
 A: The Lottery will send a form to be completed by the club showing how much each member received. Later, the club members each will receive a W-2G form showing their portion of the prize and federal withholding. If any club member must include this form with his or her federal tax return for the year in which the prize was paid.

Q: Is there a tax advantage to a Lottery Club?  
 A: While there is no state or local income tax on Lottery winnings for Michigan residents, federal regulations require that Lottery withhold 20 percent on prize in excess of \$5,000. That tax liability is shared by a club's members rather than one person being responsible.

Q: Because the Lottery Club question was first received and used, Anne W. Flores of Farm, Michigan will receive 50 "Michigan Payday" instant game tickets.

Q: If you have a Lottery question you'd like answered, send it to:  
 "Winners Circle," Michigan Lottery,  
 P.O. Box 30077,  
 Lansing, MI 48909.

Joe Wyn demonstrates his masterful fly fishing technique.

## Joe Wyn shows how to land steelheads

By Larry O'Connor  
 Staff writer

A little Oregon cheese, baby pink or cerise could land a salmon or steelhead.

If that doesn't do the trick, maybe a little rooster neck, squirrel tail or doe scalp will. All are materials used in making flies for fly fishing.

And Joe Wyn, who's been tying flies for eight years, knows just the right way to knot them up. The Garden City native, who demonstrated how to tie various fishing flies for catching salmon and steelhead before a meeting of the Four Seasons' Fishing Club in Livonia recently, learned his craft mainly from reading books.

There's a wide variety and ways to design flies. Wyn knows about a 100 different patterns.

For salmon and steelhead fishing, darts, fuz balls and spring wigglers are some of the types that are mainly used. But of all the different types of flies used, only one prominent feature will catch the fish's attention.

"YOU CAN get to use any colors," said Wyn, 18, who's been fishing since he was 8. "The ugliest fly will catch the fish."

Ugliness, though, involves plenty of intricacy. Wyn uses a multitude of tools and materials for his craft.

The fluorescent colors used, such as Oregon cheese and cerise, come in yarn-like (called gold bug yarn) proportion and are made of a special material which allows them to keep their shape in water. Animal hairs or feathers, like doe scalp and rooster rump, are also used.

Bright colors attract the fish while the hairs and feathers provide a wig-

gling leg or tail effect. The different patterns are woven together and secured on a hook with a special nylon thread made especially for fly tying.

Wyn uses finger nail polish to water proof the thread that's been tied.

The different yarns of colors and animal hairs are available from any fishing supply shop. Some fly tiers, though, are known to get their materials in a more direct fashion.

IF A DEAD squirrel on the side of the road is minus a tail, chances are a fly tier has taken it.

Originality is one reason people take up the hobby. The other advantage of making your own flies is that it's cost efficient.

Files in a sporting good store can run 50 cents to a dollar.

"It's a lot cheaper," said Wyn. "A lot of the materials you get yourself."

Wyn, who can make anywhere from 12 to 18 flies an hour, started out with a \$20 hobby kit, which included a wide and assorted threads and hooks. Now he has over \$1,000 in materials.

The hardest part of learning how to tie flies is learning the tension of the thread.

"You'll break a lot of line or cut it," said Wyn.

Wyn's father, Richard Wyn, watched with a smile on his face while he demonstrated his craft to a group of onlookers.

"I just bought him a lot of stuff and let him go," said Richard Wyn, who's the president of the Four Seasons' Fishing Club. "The whole object was to keep him off the streets. And it has."

That's because Joe's usually tied

### CROSSING TO LACROSSE

If you've always wanted to know what lacrosse is all about, this week-end offers the perfect opportunity.

Cranbrook/Kingswood High School will host the annual Midwest Invitational Girls Lacrosse Tournament starting 8:30 a.m. Saturday, May 17, with the preliminary rounds and ending 2 p.m. Sunday, May 18, with the championship game.

The round-robin tournament includes 12 teams — representing four states — divided into two pools of six squads.

Pool A consists of Birmingham Detroit Country Day School, Grosse Pointe University Liggett, Worthington (Ohio), Western Reserve Academy (Ohio), Andrews high (Ohio) and Sewickley high (Pennsylvania). Teams in Pool B are Bloomfield Hills Academy of the Sacred Heart, Bloomfield Hills Cranbrook/Kingswood, Hathaway Brown (Ohio), Laurel high (Ohio), Nichols high (New York) and Winchester/Thurston (Pennsylvania).

Girls lacrosse vaguely resembles the male version of the sport. The girls do not wear helmets in this fast game of running, throwing and catching which more accurately reflects its Indian origin.

The public is welcome and admission is free. The main field is located off Lone Pine Road on the Cranbrook grounds about a half-mile west of Woodward.

### SAMUELSON WINS RACE

Laura Samuelson of Southfield won the recent 10-kilometer Blue Cross and Blue Shield Fitness Run and Walk held in Detroit.

Samuelson finished first in the women's division with a time of 48:30.

In its eighth year, "The fitness run and walk afford individuals, families and corporations a unique way to become involved in an ongoing fitness program," said Prince Holiday, vice president Civic Affairs for Blue Cross and Blue Shield of Michigan.

Awards were presented to the top female and male finishers in each division.

### GOLF CLINICS

Stony Creek Golf Course professionals will be offering their five-session golf clinic for adults and juniors (9-17 years) starting later this month.

The classes are designed for beginners, those returning to the game or looking to improve their game. Two instructors will guide the students through the game's proper fundamentals.

Four sessions will be spent on the driving range and one session around the putting green.

All students receive a golf rules

booklet and complimentary nine-hole pass to play Stony Creek Golf Course, located within Stony Creek Metropark near Rochester.

Evening adult clinics are scheduled for 6:30-7:30 on Mondays and Wednesdays beginning May 28, and Tuesdays and Thursdays beginning May 27. Morning clinic dates are June 16-20 and June 23-27. Adults receive instruction from 10:15-11:15 a.m. while junior hours are 8:30-10 a.m.

The costs are \$40 for adults and \$45 for juniors.

For further information, call 781-9166.

### CHARLIE/AL CLASSIC

The 10th annual Gehringer-Kalline Meadow Brook Golf Classic is set for Monday-Tuesday, June 2-3, at Kathe-Cousins Golf Course on the Oakland University campus.

The event last year was expanded to two days with 350 golfers and 700 dinner guests. Tournament organizers are hoping for 400 golfers and 800 guests this season.

Ron Luciano, former major league umpire and author of a few baseball books, will be guest speaker. Local radio personality J.P. McCarthy will serve as master of ceremonies.

The Gehringer-Kalline Meadow Brook Golf Classic is open to the public with all proceeds going toward the preservation of Meadow Brook Hall and the support of OU's athletic program.

For more information, call 370-3140.

### FOR PETE'S SAKE

Pete Green of Franklin will be one of four golfers inducted into the Michigan Golf Hall of Fame Aug. 24 at the Indianwood Golf and Country Club.

Named to the Golf Association of Michigan (GAM) honor roll a record 26 times, Green has been a dominant figure in Michigan golf for three decades. Among his victories are two Michigan amateurs and GAM championships, six Horton Smith Memorial titles, seven Michigan Medal Play victories, the Middle Atlantic Amateur and the inaugural Michigan Mid-Amateur.

Tommy Armour, Tom Draper and Bud Stevens also will be inducted.

The golfers already in the Michigan Golf Hall of Fame include Chuck Kocsis, Al Watrous, Walter Burkemo, Glenn Johnson, Horton Smith, John Barnum, Chick Harbert, James Standish Jr., Dorothy Higbie, Patti Boice, Leo Diegel, Wilfred Reid and Dave Hill.

### MEMORIAL NET OPEN

The fifth annual Michigan Memorial Open Tennis Tournament will usher in the new season Friday-Mon-

day, May 23-26, at the Waterford Oaks Court Games Complex near Pontiac.

"The tournament is unique because it offers both sanctioned by the United States Tennis Tournament and non-sanctioned competition," said Oakland County Parks and Recreation tennis pro Chris Pedano.

Entry fee is \$12 for singles and \$15 per team for doubles. Deadline is May 19.

The Waterford Oaks Court Games complex is on Scott Lake Road between Pontiac Lake Road and Dixie Highway.

For more information, call 856-5433 or 856-0913.

### SQUASH CONTENDER

Jeffrey Delich of Southfield was one of 48 national finalists who contended for the 1985-86 Interstate National B/C/D Squash championships held May 9-11 at the Atlanta Health & Racquet Club in Atlanta, Ga.

Delich qualified by winning the B Division in the recent Great Lakes regional playoffs. Each of the nation's regional tournaments sent its respective champions to the Inislico tournament.

The Inislico winners are recognized as the national amateur champions by the United States Squash Racquets Association. This year more than 6,000 amateur players from over 250 clubs nationwide participated in the tournament.

### U.S. WOMEN'S OPEN

The 1989 U.S. Women's Open Golf Championship will be played July 15-16 at Indianwood Golf and Country Club in Lake Orion.

The only previous U.S. Women's Open in Michigan was held in 1958 at the Forest Lake Country Club in Bloomfield Hills. Mickey Wright won that title — the first of her four U.S. Women's Open titles — with a five-stroke victory over Louise Suggs.

Michigan has been the host state for four USGA championships this decade: the 1985 U.S. Open at Oakland Hills Country Club in Birmingham; the 1984 Senior Amateur at the Birmingham Country Club; The 1981 Senior Open at Oakland Hills; and the 1980 Junior Amateur at the Pine Lake Country Club in Orchard Lake.

Indianwood, home of the Michigan Golf Hall of Fame since its establishment in 1981, has been played by some of golf's greatest names. Gene Sarazen won the 1930 Western Open at Indianwood, and Walter Hagen, Tommy Armour and Horton Smith were regular players there. Ed Furgol, the 1954 U.S. Open champion, developed and refined his game at Indianwood.
