

### Soaking up science

Julie Bouscaren (above) of Farmington Hills is among 48 outstanding high school seniors chosen to participate in Lawrence Institute of Technology's 18th annual six-week Summer Science Institute. It takes place through July 25. Bouscaren, a student at North Farmington High School, was selected on the basis of academic achievement and interest in the sciences. Participants receive instruction from LIT faculty in college chemistry, physics, math and computer science. They may use LIT's science laboratories and computer facilities. Tuition-free to students, the program is funded each year by LIT and grants from local corporations and foundations.
