Lose a Dress Size EVERY 2 WEEKS!

"I lost 57 lbs...
10 lbs. in just
the 1st week!"
Jim House

- I'd recommend the clinic to anyone who wants to lose weight fast!
- I'm wearing a bathing suit for the first time in years!
- I went from a size 14 to a 5 without ever going hungry!
- The nurses are great, they give me one-on-one support and guidance!
- No pre-packaged foods - I ate the foods I liked!
- I'll stay slim for good, thanks to the Clinic's unique stabilization program!

The Clinic has worked for over 450,000 men and women. If you need to lose weight, discover Weight Loss Clinic for yourself. Call now for your 30 minute consultation - it's absolutely free.

OKI. America's first cellular telephone

OKI telecom

CELLULAR TELEPHONE DIVISION
An OKI America Company

OKI CDL 201

SPECIAL FEATURES:

- Repertory Memory to store up to 100 often-dialed numbers.
- A/B Selectivity for easy access to wireline or non-wireline cellular services.
- Last Number Recall.
- Scratch-Pad Dialing to allow entry of the next number you want to call.
- Built-In Speaker.
- Air-Time Meter to keep track of current and accumulated calling time.

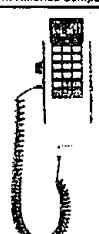

- Electronic Lock to guarantee security.
- Memo Alert to notify you of an incoming call when you're away from your vehicle.

The CDL 201 emphasizes simplicity and convenience of operation. Like its companion models, it uses fewer mechanical controls, coupled with a microprocessor-based solid state package, to easily access its advanced features through simple keyboard entries.

Typical of its state-of-the-art engineering, the CDL 201 offers a 100 number memory for all your frequent calls, and an optional hands-free speaker for added operational safety.

OKI quality is evident in the liquid-resistant keypad which prevents liquid, dust or dirt from affecting the unit's reliable operation.

Dollar for dollar, you won't find a better value in a cellular telephone.

OKI CDL 210

SPECIAL FEATURES:

- In addition to all features of the CDL 201, the CDL 210 offers:
- Built-In "Hands-Free" Operation for safety and convenience.
- Special Calling to save time and money by combining long distance access codes and phone numbers.
- Repertory Restriction to limit memory use and in-bound out-bound calling for added security and privacy.
- Visual Alert of an incoming call.
- Weak Signal Alert to indicate areas of low strength radio reception.
- Call-In-Absence to indicate a call was placed while you were away.

The CDL 210 offers many advanced features and functions to make your communications faster, easier and more accurate.

Like Special Calling that lets you dial both long distance access codes and phone numbers with a simple keypad entry, or End-to-End Signaling for access to MCI or GTE Sprint to conduct electronic banking, make reservations or activate any remote device with a DTMF receiver.

And yet with all its sophistication, the CDL 210 is very user-friendly, it displays reminder messages and can even display "help" instructions for new users to follow.

OKI CDL 230

SPECIAL FEATURES:

- In addition to all features of the CDL 201 and CDL 210, the CDL 230 offers:
- Full Alphabetic Capabilities to store and retrieve frequently dialed numbers, by name and/or number.
- Programmed Timer to automatically place a call at a preselected time.
- Automatic Memory Assignment to seek and assign a number or name coded into memory to the first free location.

- Programmable Elapsed Time Alert to allow you to set the time for an audible warning tone.
- And many other sophisticated features.

The top-of-the-line CDL 230 is today's "smart" technology at its best, designed to keep pace with your dynamic lifestyle today and to grow with your needs tomorrow.

The CDL 230 offers full alphanumeric capability. It can remember up to 50 frequently dialed numbers by name—and you can dial simply by entering the name of the person you want to call.

It allows you to set a time frame for an audible tone to alert you of call-time elapsed, to program your personal unlock code for added security, and much, much more.

The CDL 230 is an instrument you have to see, hear and use to appreciate fully.

CELLULAR CAR TELEPHONES, INC.

2150 Franklin Road
Bloomfield Hills, MI 48013
(313) 332-6222

OKI CDL 240 BRIEFCASE UNIT

SPECIAL FEATURES:

- 3-Way Power Source—AC adapter, cigarette lighter jack or internal battery.
- Vehicle Antenna Connector.
- Repertory Memory and Dialing.
- Scratch-Pad Dialing.
- End-to-End Signaling and most other advanced features of the CDL 201.

Now you can take it with you, from car to car, to the upper stories of a construction site, to a boat and beyond—wherever you go, the CDL 240 Briefcase Unit goes with you—keeping you constantly in touch, on the way and after you get there.

This innovative unit puts all the power, advanced engineering, user-proven performance and reliability of OKI's cellular technology into a smartly styled briefcase case, providing the ultimate in versatility to match your many, diverse and unpredictable needs.
