Michigan State Housing Development Authority

ATTENTION: OAKLAND COUNTY

Do You Need Help Paying Your Rent?

The Section 8 Existing Rental Assistance Program may be the answer.

This is a federal program to help people pay their rent. If you are eligible to have part, some of your rent will be paid to your landlord every month by the Michigan State Housing Development Authority (MSHDA).

The part you pay yourself will be based on your family income and the number of people in your family. However, the total amount you pay for rent and utilities generally will not exceed 30 percent of your income.

These are the qualifications: (1) You must be income eligible; (2) the living unit you choose must meet the Housing Quality Standards of federal Department of Housing and Urban Development (HUD); and (3) the rent for the unit, including utilities, must be within the Fair Market Rent established by HUD.

A waiting list for three-bedroom family units in Oakland County will be open to eligible households from September 1, 1986 through September 30, 1986.
