

Improvements detailed in Hills program

the thoroughfare. City officials "are depending on Oakland County" to help with these costs, Director of Public Services Thomas Blasell said.

"Nothing we have put in the program is beyond the scope of reality," Costick said, adding that most of the 34 improvements should be completed within a three-year period. Some projects, such as improvements at M-102 and Grand River, may take a bit longer.

THE FOLLOWING is the list of suggested improvements that will be completed if voters approve the bond issue:

• Paving Halsted, from 12 to 13 Mile. This project is considered important because increased development is expected along the thoroughfare. City plans include assessing

new development to help pay for road improvements in the three-year program.

• Paving Halsted, from 13 to 14 Mile.

• Paving 13 Mile, from Halsted to Haggerty.

• Paving and straightening curves on Drake, from 11 to 12 Mile.

• Paving Tuck, from Eight to Nine Mile.

• Widening Orchard Lake Road, from Grand River to 10 Mile. The widening will involve five, four and three lanes.

This is an Oakland County Middle Road Commission project, with Farmington, Farmington Hills and the Oakland County Board of Commissioners sharing costs.

• Widening Orchard Lake from two lanes to three or four lanes, from 10 to 11 Mile.

• Resurfacing and paving shoul-

ders and adding passing lanes on 12 Mile, from Inkster to Orchard Lake. The passing lanes would be added where necessary between Inkster and Middlebelt.

• Widening of 13 Mile, from Orchard Lake west to Arenal.

• Widening 14 Mile to three and four lanes, from Orchard Lake to Farmington. The city was recently informed that it received a \$700,000 Federal Aid to Urban Systems grant to help pay for the improvement. This is a 75 percent grant, which means the city must pay a 25 percent share. West Bloomfield Township also will be asked to share costs of the road.

• Resurfacing 14 Mile, from Farmington to Haggerty. Passing lanes will be added as necessary.

• Resurfacing Middlebelt, from Northwestern Highway to 14 Mile.

• Resurfacing and paving shoul-

ders and paved shoulders will be added.

• Reconstructing and resurfacing of 10 Mile, from Inkster to Farmington. Paved shoulders will be added, as well as passing lanes as necessary.

• Reconstructing and resurfacing Farmington, from 13 to 14 Mile. Paved shoulders and passing lanes are included as necessary.

• Resurfacing Lytle Road, from Gill/M-102 to Drake.

• Resurfacing the M-102/

Grand River interchange, widening the bridge over M-102 and improving traffic signals.

• Improving traffic signals at the 14 Mile and Drake intersection.

• Improving traffic signals at the 14 Mile and Gill intersection.

• Adding a passing lane and sig-

nals at the Eight Mile and Lujon intersection.

• Improving traffic signals at the Haggerty and 11 Mile intersection.

• Removing sight distance barriers at the 14 Mile and Inkster intersection.

• Straightening and improving the Shalloway and Nine Mile intersection.

• Widening the 12 Mile and Inkster intersection to provide five lanes in each direction to make left turns and through-traffic movement easier.

• Widening the 13 Mile and Inkster intersection to provide for left turns and through traffic.

• Widening the Freedom and Drake intersection to provide for left turns and through traffic.

and the Michigan Democratic Party. Homecoming '86 is a statewide party project and is the largest grassroots fund-raising project ever undertaken by the Michigan Democratic Party.

It is intended to raise money for Democratic candidates, including Blanchard and Lt. Gov. Martha Griffiths, and to demonstrate the support

they hold across the state.

The project will involve 1,000 party hosts and an estimated 15,000 participants and contributors.

Each party held around the state will be different, but all will have a

VCR presentation by the governor. It will highlight their event and outline the accomplishments of the Blanchard administration.
