Cabin Crafts Carpets

Quality For Your Home. Beauty For Your Life.

Art nouveau and deco are still pretty hot items in the decorating field and show little signs of cooling down. It's all a throwback to the decor of the late '20s and early '30s, derived from cubism and based on geometric forms. It was revived in the mid '60s and has been seen in homes everywhere ever since. Top left, is a lady mantle lamp constructed by hand from white fiberglass. It is a custom design by Lindsay B., who specializes in clever art deco. Top right, two hand-made ceramic deco ladies double as perfume bottles. Made by Dorothy Browning from Philadelphia. At the left are art deco vases by Suzanne from Mt. Vernon, Ohio. Below is a glass table or mantle accessory reminiscent of the Great Gatsby era.
