

police/fire calls

Listed are some of the Farmington-area police and fire calls received during the past week:

SCHOOL INTRUDERS

Nothing appeared missing when Hill Elementary School, 21105 Gill, was broken into Sept. 28.

An officer who saw two males running from the school's south side chased one of them across a field toward Blonwood before losing sight of him. Damage was estimated at \$200 when a rock was thrown through a south-side door, according to a Farmington Hills police report.

TOOLS TAKEN

An air compressor and an arc welder suspended from a steel beam 16 feet in the air were stolen from a construction site on Haggerty Sept. 24-25.

Stolen from a nearby construction trailer were a sewer machine and a generator.

The value of the stolen equipment was \$4,550, according to a Farmington Hills police report.

DAMAGE REPORTED

Listed below are some of the damage reports filed with local police agencies during the past week:

Damage was estimated at \$400 when someone fired BBs into a window of a car parked on Power Sept. 20-27.

Damage was estimated at \$1,000 when someone vandalized a Chevrolet Corvette parked at Cordoba Apartments Sept. 25-26.

Damage was estimated at \$200 when someone threw a rock through a window of a car parked at Inlander and Silvaswase Sept. 27-28.

Damage was estimated at \$300 when someone threw an unknown object through a door at Discount Vi-

deo, 33298 12 Mile, Sept. 28.

Damage was estimated at \$150 when someone threw an unknown object through a window of a car parked on W. King William Sept. 29. Damage was estimated at \$100 when someone broke into the pressbox at Harrison High School, 29995 12 Mile, Sept. 30.

THEFTS REPORTED

Listed below are some of thefts reported to local police agencies during the past week:

TWO LOCATIONS

REDFORD AND FARMINGTON HILLS

Changes are being made in the way long distance users in your area place some operator-handled calls.

These changes affect Michigan Bell customers having phone numbers beginning with 553.

This is an informational message about your phone service from Mary Jo Ficarek, your Michigan Bell Corporate Affairs Manager.

"These telephone service changes concern only operator-handled long distance calls outside your Michigan Bell long distance calling area. They apply to collect, credit card, person-to-person calls, calls billed to a third number, and requests for assistance. Some customers will need to contact their long distance companies for new instructions on how to place such calls. To find out if and how the service changes may affect your service, we ask you to read the following explanation."

An explanation of the changes in your operator-assistance service for calls outside your Michigan Bell long distance calling area (interLATA calls).

How operator-assisted calls were placed before. If you wanted operator assistance to place a long distance call, you dialed "0" or "0" plus the area code (if required), and the phone number you wanted and an operator put the call through for you.

How these calls are placed now. If the long distance service on the phone you are using is provided by a company that offers operator services, and you want operator assistance to place a call, you dial "0" plus the area code (if required), and the phone number and an operator will assist you. To reach the long distance operator for additional assistance, you must dial "000." (Important: If you dial "0" without the phone number, you will get a Michigan Bell operator who can place calls within your Michigan Bell area only.)

If the long distance service on the phone you're using is provided by a long distance company that does not offer operator services, you must contact that long distance company to get instructions on how to place operator-assisted long distance calls.

Please note: If you dial "0" plus the area code, and the number, you may get a recording or no response. Further, if you dial "0" without the number, you will get a Michigan Bell operator who will refer you to your long distance company for further instructions.

If you are calling from a pay phone, continue to use the instructions posted on the phone. Again, you should contact your long distance company for new instructions on how to place operator-handled long distance calls outside your Michigan Bell calling area. If you have any other questions about the changes, please call Michigan Bell's Let's Talk Center. The toll-free number is 1 800 555-5000.

Please watch your Michigan Bell bill inserts for further information.
