What do you want to see?

The new tax laws are complex and will affect some people's finances greatly. So the changes in the tax law have been covered by this column. And they will be covered in the future.

But the new tax laws frequently are the first thing people I meet want to talk about.

This is surprising, considering that I recently published two columns on the tax laws. Since there is an insatiable desire to know more about the tax laws, I request that you fill out the attached form and mail it to me by Oct. 23.

I will then cover in my future columns those aspects of the new tax law in which you are most interested

(no telephone calls please).

Educational seminar: Main topic "What Strategies Make Sense Now That the New Tax Law Has Been Passed." The seminar, sponsored by Observer & Eccentric Newspapers and Coordinated Financial Planning Inc. will be 7-9:30 p.m. Wednesday, Oct. 15, at the Baldwin Public Library, 300 W. Merrill, Birmingham. For information or reservations, call 443-8888.

Sid Mitta is director of certificate program in personal finance at Oakland University and president of Coordinated Financial Planning Inc.
