### NEW WEST BLOOMFIELD LOCATION

Tommy's teachers always said he could do better. Sylvan showed him how.

Like many students, Tommy is smarter than his grades suggested. For some reason, he just wasn't doing as well as his teachers, and parents, knew he could. For a while Tommy managed to get by. But then he started slipping. When his math class moved on to more advanced problems, Tommy couldn't - he hadn't learned the basics.

At Sylvan we know how important those basic skills are. We've helped thousands of children master the basics of reading and math, and go on to fulfill their potential.

We can help your child. In fact, we guarantee it.

Your child can begin to do better - today. Learning problems don't go away by themselves. But they can be solved.

The Sylvan Guarantee

Your child will improve at least one skill grade level in reading or math or we'll refund your tuition. If your child does not improve at least one skill grade level in reading or math or we'll continue up to 12 additional hours of instruction, at no extra cost.

Measurement will be based on a nationally recognized achievement test for comparison with other students in your area.
