

For Halloween treats, tune in to Channel 12

Turn to Channel 12 for thrills and chills on Halloween eve. Our community channel could be a perfect backdrop for the home festivities.

Programming will feature on Oct. 31:

- 4 p.m. — Serendipity Halloween Special (preschool)
- 5:30 p.m. — Scary tales (very eerie and supposedly true in Nov.)
- 6:30 p.m. — Ready-Steady-Go Halloween Special
- 7 p.m. — Farmington Community Library Halloween Special
- 8 p.m. — Jet car races (excitement at the track)

The month of November has our Community Access Television Center bursting with energy. The Joyce Editing Console will be relocated to a quiet and private location. A new radio production booth is also being built.

We also have doubled up our workshops so that our residents do not have to wait so long to learn how to enjoy "their television facility."

Novi Public Schools have graciously agreed to share the Novi

High Schol Television Studio for fall remote production classes. This will enable studio classes to proceed as well as keep the schedule free for resident taping of their shows within our community studio on Enterprise Court in Farmington Hills.

Occasionally, we have last-minute cancellations which may need to be filled. Call Judy Kral at SWOCC, 473 7266, to register.

Remote classes will be held:

- November, Wednesday, evenings, 7-10 p.m. (5, 12, 19 and 26)
- December, Monday evenings 7-10 p.m. (1, 8, 15 and 22)

Each session includes four consecutive evenings, which must be attended to qualify for certification. Certification will assure "access" — first-come, first-served — to the television equipment. MetroVision staff will teach the classes.

The Public Access Advisory Committee will meet at Farmington City Hall (SWOCC Offices) 6 p.m. on Nov. 1. The committee will begin to review and critique the last annual award ceremony. Please join us as

fresh perspectives are always welcome.

The Southwestern Oakland Cable Commission will have its November meeting Tuesday the 18th at 3:30 p.m. The location will be the Community Access Television Center within MetroVision facilities. The commission will be touring the enhanced studio. All meetings are open. The commission agenda includes public comment.

Although the meetings and scheduling may not always provide thrills and chills as on Halloween eve, we can always guarantee energy and enthusiastic interest.
