

# Cable panel's staff welcomes queries

The world of communications is flying by and picking up the pace of our lives. Jump on the bandwagon with the rest of us and enjoy your rights as a citizen and express your views.

The cable commission staff is itself, Lark Samouelian, executive director, and his administrative assistant, Judy Kral. We are available Monday through Friday, 9 to 5, for questions and concerns ranging in subject matters from:

- complaints due to cable service, outages, problems not addressed first by MetroVision;
- information on cable functions at a local level;
- to arrange speaking engagements with your organization;
- sign up for production workshops;
- share in program development;
- publicity enhancement for last project.

In conclusion, I quote Fred Johnson of the National Federation of Cable Programmers: "By giving people an opportunity to actively make television, cable access fosters the kind of media literacy necessary for living and thinking critically in a media-saturated environment."

Call 473-7267 for more information.
