An animal used to
own this dog

You wouldn't want to meet the man who used to own this dog.

The Michigan Humane Society had that unpleasant task Oct. 9, the day we responded to a call from a concerned citizen in northwest Detroit and found a young boxer chained to a fence without any sign of food or water.

Understand, this dog wasn't a stray. He was someone's pet. A pet who spent most of his life at the end of a 5-foot chain. A pet whose only shelter was a tattered piece of cardboard lying on the ground. A pet so emaciated, so worm-infested, he couldn't even stand.

When the Michigan Humane Society cruelty investigation van brought the dog we named Rocky into our downtown shelter, he weighed just 39 lbs. A boxer his size should weigh about twice that.

Rocky was immediately put on intravenous feedings and medication. In no time at all, he was able to eat solid food and go for short walks.

However, subsequent diagnostic testing revealed the dog had serious cardiac problems. On Oct. 30th, three weeks from the day we picked him up, Rocky died of heart failure. He was 2½ years old.

The kind of apathy and abuse this dog experienced isn't just sad. It's illegal.

That's why we're currently involved in the prosecution of Rocky's former owner. Through the efforts of our cruelty investigation team and staff legal counsel, that person has been charged with three separate counts of animal cruelty.

We're determined to make certain Rocky didn't die in vain. That's why we're turning to you in this season of giving. Please find it in your heart to make a donation, no matter how large or small, to the Michigan Humane Society.

Because it's your contribution that helps us feed and shelter neglected dogs and cats.

It's your contribution that helps us find many of these animals a new home. And, it's your contribution that helps The Michigan Humane Society prosecute people who do things like this to dogs like Rocky.

Thousands of animals are cared for lovingly each year by the Michigan Humane Society. This holiday season, won't you help us help them?
