

Library eyes new video use contract

Beginning April 1, our video users will be asked to complete a new video contract. The new contracts will expedite patron check out or video. The contracts will only need to be filled out once. We will eventually be adding the contract information on to the GEAC computer system. Library patrons now have the ability to obtain magazine abstracts from the "Reader's Guide to Periodical Literature." We've recently acquired one microfiche set of the "Reader's Guide Abstracts." The abstract will give the user a brief summary of the article along with the bibliographic information. See the adult reference desk for further information. We have numerous activities planned in celebration of National Library Week April 6-12. Special programs are lined up for adults and children. Details will be announced soon. Discover the art of ancient Syria at our program "From Elba to Damascus" on Thursday, March 5, at 7:30 p.m. at the Farmington Hills branch, a representative from the Founder's Society Speaker's Bureau
