

The American spring

a whole new graceful era in fashion

We see you in
the delight of the unexpected,
a tiny-waisted tattersall coquette
 —bare, beautifully bouffant

Wait till you see it whirling over its crimson crinoline. Our dreamy, bare-shouldered toffeta dancedress has the endless charm of a beautifully shaped little bodice, an extravagance of skirt—all in the surprise now of black-white tattersall checks. By Marton Myles, acetate, 4 to 10, 295.00
