

Petition theme: 'Extend summer'

By Tim Richard
staff writer

The tourism industry is asking voters to support a petition drive to require that schools' summer vacation be extended past Labor Day weekend.

"It would have a great deal of impact on family travel. Tourism is Michigan's second largest industry," said Fred Wszolek, executive director of the Say Yes to Michigan Tourism Committee.

The committee held a news conference Wednesday in Botsford Inn, Farmington Hills, where owner John Anhalt gave strong support to the drive called "Extend Your Michigan Summer."

Other local supporters are Joseph Joachim, Oakland County's director of economic development; the Livonia-based Michigan Mobile Home and Recreational Vehicle Association and the Michigan Boating Industry Association.

REQUIRING K-12 schools to start classes after Labor Day would affect about 48 percent of public school students, Wszolek said.

Besides giving families a longer and more flexible vacation season, it will help young people hold summer jobs, he added. A Mackinac Island tour boat company won't hire youngsters who have to be back in school before Labor Day, he said.

The Michigan Travel Bureau estimates spending on tourism would be increased by \$25 million at least,

Wszolek said, citing a similar law in Arkansas that stimulated \$29 million in tourism. Polls show two-thirds of Michiganders support such a measure.

Other news conferences were scheduled in Lansing, Flint, Grand Rapids, Traverse City and Mackinac City.

SPONSOR OF the measure is Rep. John Priddy, R-Alpena, who found his bill stalled in the House Education Committee chaired by

Rep. William Keith, D-Garden City. "That was due to the opposition of the Michigan Education Association," Wszolek said.

The Say Yes to Michigan Tourism Committee is headquartered at 115 W. Allegan, Lansing 48933. It's a political action committee supported by such business groups as the State Chamber of Commerce and the Southeast Michigan Tourist Association.

"We have 180 days to collect 192,000 signatures," Wszolek said.

Requiring K-12 schools to start classes after Labor Day would affect about 48 percent of public school students, give families longer vacation seasons and help young people hold summer jobs, sponsors say.
