OCC dean will participate in policymakers conference

The Annenberg Foundation in Washington, D.C., has selected Dr. Don Nichols to participate in a weeklong conference on public policy issues and opportunities created by new communications technologies. A Farmington resident and former academic dean of arts and sciences at Orchard Ridge Campus, Oakland Community College, Nichols is currently dean for special projects at the college's central office.

During the second week of January Control of the college of the colle

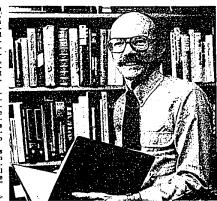

During the second week of January Nichols will be attending semi-nars and hearings led by congresional leaders and members of the Federal Communications. Commissions, He is one of only 20 leaders from the nation's colleges and universities who have been invited to participate.

versities who have open nurves apparticipate.

"Traditionally, this gathering is dominated by representatives from universities with very few community college persons involved. It will be an opportunity for me to give the two-year institution's perspective," heartif

he said.

The Annenberg Program addresskey information needs of communications professionals and policymakers by providing a neutral fortime for the study and debate of
national and international issues.
The overall goal of the program is to
increase understanding and participation at all levels of the policymaking process.

Don Nichols, dean for special projects on Orchard Ridge Campus, Dakland Community College, is one of only 20 leaders from the nation's colleges and universities who have been invited to the Annenberg Foundation conference in Weshington, scene," he said.

Regarding the new roling, Dlane
Killory, the FCC's general counsel,

broadcasters should make a judgment and exercise discretion. That's
what we would recommend."

increase understanding and participation at all levels of the policymaking process.

NICHOLS WILL be involved in numerous Joint activities with private and public organizations, including the American Bar Association, the Swiss Poets, Telephone and Telegraph Administration and the U.S. Swiss Poets, Telephone and Telegraph Administration and the U.S. Commission will be present to address the topics of cable TV and the First Amendment, libel and industry regulation.

Nichols expects these interchanges to be somewhat heated in

OF PARTICULAR interest to the educators involved in the workshop will be the input of members of Congress who are responsible for writing laws that govern much of the nation's communication networks. As seminar on the "View from Capitol Hill!" will provide participants with an opportunity to quiz senators and representatives on their individual views.

representatives on their individual views.

As dean of special projects at OCC Nichols has worked with college staff in developing the radio station WORB, student activities policies, and the college's involvement with the county cable TV nookup.

During the past two years he has produced cable programming for validities activities.

As a professor in social and behavioral sciences, Nichols teaches units on the role of media in forming public opinion and as an element of social control. The Annenberg Workshop will give him an opportunity to update his lecture note on issues related to the media.

Questions abut the workshop may be directed to Nichols at the college, 540-1808.
