

Formal wear and fashions

OMETIMES IT seems as if the men at a wedding occupy the status of supporting actor in someone else's movie. After all, who really notices what the groom is wearing?

Is the father of the bride likely to be upset if the father of the groom is wearing the same style tuxedo?

Still, with fashions in formal wear blossoming into styles as different as After Six's Miami Vice and Dynasty Collections and Christian Dior updated classics, men have more options than ever.

At an ultra-formal evening wedding. for example, it's appropriate for men to wear white tie and tails. And, as Princess Diana has so observantly noted, "Men look so absolutely smashing in their white tie and tails."

THE COMPLETE RIG - coat, trousers, starched white wing collared shirt, white pique tie, white waistcoat can be rented at most formal wear shops. Because white tie events are so rare, a man should make his selection early and put a deposit on the clothes to make certain they will be available when he needs them.

For a formal daytime wedding, men wear either the traditional cutaway coat (in exford gray or black) with striped trousers or a long or short jacket with striped trousers and wingcollard shirt.

For a semiformal evening wedding, men can wear a dinner jacket with black trousers, white dress shirt, yest or cummerbund and bow tie. If he's less traditional, a man can don a formal suit in a dark shade for fall and winter, lighter shades for spring and summer, with matching or contrasting trousers and bow tie to match vest or cummerbund.

Most men rent tuxedos for the formal occasions in their lives. If they don't already own such a formal garment, they may be bewildered by the choices now available. Designer formal wear comes with subtle differences such as side vents, satincovered buttons and cigarette pockets.

Many wedding coordinators are advocating coordinating the men's attendants, with the women's attendants using colored cummerbunds, pocket squares and bow ties. Metallic thread tuxedos have become commonplace, particularly at more contemporary, semi-formal

Many wedding coordinators are advocating coordinating men's attendants with women's attendants, using colored cummerbunds, pocket squares and bow ties.

ACCORDING TO Letitia Baldrige, author of "Complete Guide to Executive Manners," there are some simple rules to follow when selecting a formal black dinner suit (the tuxedo).

The jacket may be either single or double-breasted, sometimes with a
