HONORS GRADUATE

Pvt. Andrew Strelczuk of Farmington has graduated with honors in an advanced individual training course offered by the 1st Engineer Brigade Headquarters, Army Training Center Engineer, Ft. Leonard Wood, Mo.

That's the highest accomplishment for a soldier in advanced individual training.

"I am pleased to say that performance of this type is certainly an inspiration and example to other students," said his commanding officer, Col. Carl Gehring.

Strelczuk completed basic training at Ft. Leonard, Mo. Students were taught in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

The 1987 Farmington High School graduate is headed to Ft. Benning, Ga., for jump school airborne training. He'll then report to an Army base in Texas.

Strelczuk, son of Isabelle and George Strelczuk of Farmington, said his most rewarding experiences have been helping and training new recruits in supply room and functional operations.

BASIC TRAINING

Army Pvt. Edward Bennett of Farmington Hills has completed basic training at Ft. Leonard Wood, Mo.

Students were taught in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

He is a 1987 Farmington High School graduate.

DELAYED ENLISTMENT

Patrick O'Brien of Farmington

Hills has entered the U.S. Air Force Delayed Enlistment Program. O'Brien's entry allows the Air Force to schedule an opening for him to attend basic training and be assigned to a job or skill area.

O'Brien is a 1986 graduate of Walpole Lake Western High School and will enter the Regular Air Force Sept. 23.

Following graduation from the six-week basic training course at Lackland Air Force Base, Texas, he will receive technical training in the mechanical aptitude area and be assigned to an Air Force duty station.

HE'S PROMOTED

Rodney Krueger of Farmington Hills was promoted to senior airman in the U.S. Air Force.

He was awarded the new rating ahead of other Air Force members on a "promotion zone" promotion board, which considered job performance, military knowledge, bearing and self-improvement efforts.

Thinking for two.

Parents-to-be are more assertive today about their hospital choices. They want to be certain about the quality of the hospital experience for both mother and child. The medical aspects are most critical, but comfort, friendliness, family involvement, and privacy are also important. So families check things out for themselves. It's not just the doctor's choice anymore. That's why hospitals are talking about their differences. And the differences at Grace are significant. Grace is a teaching hospital.

And that means patients receive more attention from more professionals. It also means that patients see improved procedures introduced sooner.

Grace is a leader in the prenatal, neonatal and high risk pregnancy specialties, but normal deliveries get lots of special attention, too.

A wonderful private birthing suite for families seeking an alternative to the more traditional delivery room program is available at Grace. Private rooms are also available. And at Grace, mother and infant are cared for together under a long established maternal bonding program.

Families are encouraged to tour the Grace maternity section before making a hospital decision. And parents-to-be can use the Grace physicians referral program to find a conveniently located Grace affiliated physician.

Thinking for two means planning ahead. We think Grace should be a future mother's first thought.
