# Finishing touches

Spring accessories are the key to changing the way you look, particularly for day.

Shoes are terrific — from sandy flats to multicolor wedges to shaped and patterned high-heel pumps and new, starring sling-backs.

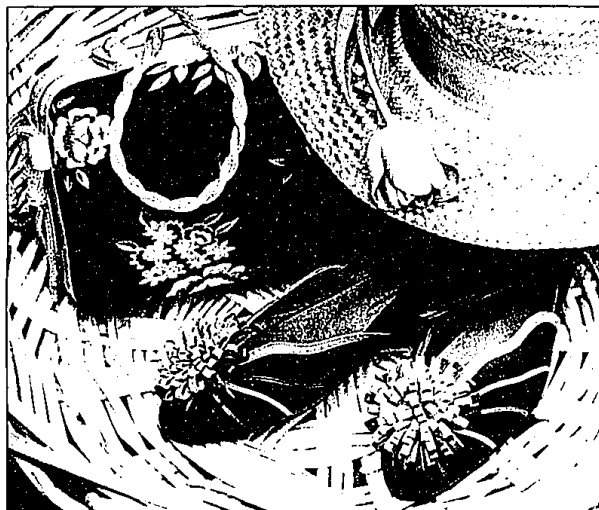

Big scarves swing colorfully over a shoulder while small ones tie at the throat, wrist or waist.

Bags are smaller, more structured and often more colorful.

Jewelry is best for day worn at ears and wrists, pins worn in groups.

Men's ties are springing in bold new directions this season. Shown clockwise from the left are: a nautical theme stripe on woven silk fabric in shades of navy and tan; a tapestry design on woven silk fabric; a foliage motif print on vibrant red silk fabric; a European abstract theme on silk crepe de chine.
