## Walled Lake narrows picks for school chief

The field of contenders for the top job in the Walled Lake Consolidated Schools has been trimmed to three.

The board of education has interviewed the top six candidates for superintendent of schools and eliminated three. Those remaining are:

• **Patrick C. Bernardo**, deputy superintendent of Cleveland Heights-University Heights Schools in Ohio. Bernardo earned a doctorate in school administration at the University of Akron.

• **Donald Chalker**, superintendent of the Lincoln School District in Ypsilanti. Chalker has a doctorate from

Wayne State University in administration and supervision.

• **James Geisler**, assistant superintendent of Royal Oak Schools. Geisler earned a doctorate at the University of Chicago in curriculum and administration.

Final interviews are scheduled for the first week in May.

## Weather watch

Fifth graders throughout the Farmington school district participated in a balloon launch Monday as part of a national science project to monitor weather. Sponsored by the Triangle Coalition of Science and Technology Education, the national project is being done in conjunction with National Sci-

ence and Technology Week. Pictured are 50 fifth graders, plus teachers and parents, from Flanders Elementary enjoying a clear day for their playground launch. Each balloon carried a card with the name and address of the school, and a place for information from the finder.
