Thank you to Beverly Papal, director of the Farmington Community Library, for informing us about the library-generated cable series, "In Frint" out of Beverly Hills, Calif. Channel 12 will feature the programs which present well-known authors and likerary personalities. Beverly Hills librarian Michael Cart hosts the series. We provide three quarter-inch video tapes on which they dub the programs, and return them to us for cablecasting. Program exchange of this nature is becoming more prevalent, thus enhancing the diversity of subjects available to our local viewing audience. Our system provides programning produced by our residents in packages of five to 15 hours. We exchange with other communities and enjoy the uniqueness of each creative expression.

Thank you again, Bev.
We are beginning a special search
for students in need of an internship
this fall and winter. We will work
with your university to establish the
necessary criteria for you to receive
credit. Our cable commission interns
range from communication majors
to journalism and public relations.
