NOW YOU CAN SAVE \$45,000 ON A \$50,000 MORTGAGE.

It's as easy as coming to Comerica. Our low interest rate on our 20 year fixed rate mortgage makes it an affordable alternative to a 30 year mortgage. The result can be a savings of thousands of dollars. On a \$50,000 mortgage alone, you could save \$45,000* in interest. And even more on larger loans.

The interest saved reduces the total amount owed. So as you pay on your loan, the interest amount goes down and your equity goes up at a much faster rate.

Plus, when you have your payments automatically deducted, we'll give you a checking account free of monthly service charges for the life of your loan. That's an additional savings averaging \$100 per year.

It's all part of our lending spirit at Comerica. Helping you to save wherever we can.

Find out how much you can save. Call 370-6072 for the name of the nearest Comerica mortgage representative. Or, just stop in any Comerica branch office. And ask for the 20 year mortgage that'll save you thousands.
